DONATE YOUR COMMUTE

With so many of us now working from home due to the coronavirus pandemic, a significant number of people are no longer spending as much money on their regular fuel and travel costs. Whether it's peak time train tickets, filling the car with petrol, city centre parking prices or daily bus fares – the money saved on those journeys could go a long way. So why not celebrate the fact that your commute now takes a few seconds to move from one room to another and use the money saved to help change children's lives.

HOW

- **CALCULATE HOW MUCH YOU'RE SAVING BY NOT GOING INTO THE OFFICE**
- **PLAN HOW MUCH YOU ARE ABLE TO DONATE WHETHER THAT'S A WEEK OF TRAIN TICKETS OR THE DAILY PARKING FEE**

WHY

In India hundreds of families were already struggling to feed their children when the virus hit. Now many have lost all income and face starvation. Our teams are getting emergency food parcels to the most desperate with flour, rice, oil and soap to last for four weeks.

EACH PACK OF EMERGENCY SUPPLIES COSTS £26
