No child lost to the streets

WE BELIEVE IN A WORLD WHERE EVERY CHILD CAN THRIVE, AWAY FROM A LIFE ON THE STREETS

Founded in 1996, Railway Children has dedicated over a quarter of a century to developing outstanding practice and services for street-connected children. Across India, Tanzania and the UK, hundreds of thousands of children are lost and alone on streets and public transport. As we embark on our new strategy to 2030, we have ambitious plans to ensure no child is left behind, wherever we work.

Every year, British Transport Police identify around 10,000 children at risk on the UK rail network. It offers young people a means to escape whatever they are running from and a place of shelter that feels safe.

However, public transport can also deliver them to danger...

With strong relationships across the UK rail industry, Railway Children applies contextual safeguarding principles to make sure someone is on hand to intervene early and protect children before they come to serious harm.

Our Youth Practitioners create turning points in these young people's lives that help them on a path to a better future.

Together we can make our transport system a safe place for everyone.

WHO WE ARE

OUR MISSION

To safeguard children at risk of being lost to the streets by empowering families, communities and partners to create lasting change, ensuring every child can reach their full potential.

OUR USP

We are leaders in protecting the rights of street-connected children. We work with transport networks to reduce risk, intervene early and safeguard children before they face serious harm.

OUR GOAL

By 2030, we will have refined and enhanced our direct work to protect children and to demonstrate effective, impactful and scalable interventions that influence systemic change.

WILL YOU JOIN US ON THE JOURNEY?
